**Subject:** draft consent for access form

Good Afternoon Ken,

Attached is the draft consent for access form for your review regarding Spokane Recycling's property. The date range is open to modification, I simply used next Monday as the start date as a proposal. I used June 30 as the end date because I anticipate we will have full settlement agreements in place by that date and would therefore no longer need this consent form. Please review and let me know whether your client has any particular concerns with the standard language.

Sincerely,  
Kris
